

Review of the SIX (6) 2007 WMALT Trusts (see legend) on SEC.gov of FWP loan tape files submitted in 2007 with the loan level tape data indicates many loans appear in two or more originally filed WMALT trusts. We reviewed 8,884 loans filed with the SEC in 2007 for 6 different trusts. Two loans were found in THREE (3) different trusts, FORTY-SIX (46) loans were listed in TWO (2) different trusts. The reviewed trusts are color-coded (refer to legend). The trust coded as yellow WMALT 2007-HY1 and the trust coded as purple WMALT 2007-OA1 were factored into the review for sequential continuity; however, no loans in WMALT 2007-HY1 or WMALT 2007-OA1 appear to be duplicated within the selected group.
